

Privacy Policy

Effective date: September 7, 2026

Cooked Technologies ("Cooked", "we", "us", or "our") operates the Cooked mobile application. This Privacy Policy explains what information we collect, how we use it, and the choices available to you.

1. Information We Collect

Depending on how you use Cooked, we may collect:

- **Account information:** name, email address, phone number, profile picture, and authentication details when you create or access an account.
- **Recipe and preference information:** recipes, cookbooks, ingredients, dietary preferences, meal-planning preferences, and other content you choose to save in the app.
- **Images and shared content:** images, text, recipe links, or other content that you choose to import, scan, upload, or share with Cooked.
- **Purchase information:** subscription status and transaction or entitlement information received through Apple App Store, Google Play, or our subscription provider. We do not receive your complete payment card details.
- **Technical and usage information:** device and app information, approximate usage events, crash reports, performance data, and diagnostic information used to operate and improve the app.
- **Notification preferences:** your choices about reminders and other notifications.

2. Device Permissions

Cooked requests device permissions only when a feature needs them:

- **Camera:** to scan ingredients or capture images.
- **Photos or media:** to let you select content from your device.
- **Notifications:** to send reminders and other app notifications when enabled.
- **Share access:** to receive recipe links or content that you share from another app.

You can manage these permissions in your device settings. Refusing a permission may prevent the related feature from working.

3. How We Use Information

We use information to:

- create and manage your account;
- import, organize, and display your recipes and cookbooks;

- provide ingredient recognition, recipe generation, and other requested features;
- personalize meal planning and app content;
- process and maintain subscription entitlements;
- send notifications you have enabled;
- provide support and respond to requests;
- monitor reliability, prevent misuse, and improve Cooked; and
- comply with legal obligations.

4. Service Providers and Sharing

We may share information with service providers that process it on our behalf, such as authentication, hosting, analytics, crash reporting, subscription management, and AI or image-processing providers. These providers may use information only to provide services to Cooked and under applicable contractual or legal safeguards.

We may also disclose information when required by law, to protect the rights and safety of Cooked or others, or as part of a merger, acquisition, financing, or sale of assets.

We do not sell your personal information.

5. Retention and Security

We retain information for as long as reasonably necessary to provide the service, maintain legitimate business records, resolve disputes, enforce agreements, and comply with legal obligations. We use reasonable administrative, technical, and organizational safeguards, but no online service can guarantee absolute security.

6. Your Choices and Rights

Depending on your location, you may have the right to access, correct, export, or delete your personal information, or to object to or restrict certain processing. You can also manage device permissions, notification settings, and subscription settings through your device or app-store account.

To request account or data deletion, contact privacy@cookedapp.com. We may need to verify your identity before completing a request. Deleting your account does not automatically cancel an App Store or Google Play subscription; cancel it through the store where it was purchased.

7. Children's Privacy

Cooked is not directed to children under 13, and we do not knowingly collect personal information from children under 13. If you believe a child has provided us with personal information, contact us so we can take appropriate action.

8. International Processing

Your information may be processed in countries other than your own. Where required, we use appropriate safeguards for international transfers.

9. Changes to This Policy

We may update this Privacy Policy from time to time. We will update the effective date when changes are made and may provide additional notice where required.

10. Contact Us

For privacy questions or requests, contact **privacy@cookedapp.com**.

For general support, contact **support@cookedapp.com**.
